Course Information

Two days at HQ, from the system fundamentals to live surgery and case review.

This is not a lecture hall course. You spend two days at OsseoPure headquarters in Lancaster, New York, moving from the system fundamentals and a hands-on workshop to live surgery observation, case review and the lab and restoration sessions. The lab that makes your restorations is down the hall.

WHAT YOU'LL LEARN

- Run a repeatable surgical and restorative implant workflow
- Select cases and plan treatment around implant design and surface
- Handle healing caps, scan bodies, multi-unit abutments and bridge seating hands-on, on models
- Watch real-time surgical decision-making in a live case, then review complications and troubleshooting
- Integrate digital planning, guided surgery and intraoral scanning into daily practice
- Plan cases the way the lab needs them and choose the right components
- Work through real attendee cases in an extended case review session
- Build the patient journey, financing and treatment coordinator role that drive case acceptance

WHO SHOULD ATTEND

General dentists adding or expanding implant placement, restorative dentists who want to understand the surgical side, and teams who want a system they can run together. Bring your treatment coordinator for the Friday afternoon business and growth session.

WHY THIS COURSE IS DIFFERENT

Everything happens at OsseoPure headquarters. Lecture in the morning, instruments in your hands by one o'clock, and live surgery observed the next day. Groups stay small so every attendee gets reps, questions get answered, and you leave with a workflow you can run Monday morning.

FACULTY

Shivam Patel, DDS
Clinical Instructor, OsseoPure · Owner, Midwest Center for Dentistry & Implants

Valdi Blaszak
CEO & Founder, OsseoPure

Tom Fitzpatrick
Co-Founder & VP of Sales, OsseoPure

Leonard Bici

8:00 AM – 12:30 PM
Shivam Patel, DDS
4.5 LECTURE CE · AGD 690

Core Clinical Lecture

- OsseoPure system overview and clinical philosophy
- Implant design and surface
- Case selection and treatment planning
- Surgical and restorative decision-making
- Avoiding common failure points
- Digital workflow integration

12:30 – 1:30 PM — *Lunch (Provided)*

1:30 – 4:00 PM
Shivam Patel, DDS
2.5 PARTICIPATION CE · AGD 690

OsseoPure Hands-On Workshop

- Implant placement workflow on models
- Healing caps and scan bodies
- Multi-unit abutments (MUAs)
- Seating bridges: fixed and removable concepts

4:00 – 5:00 PM
Tom Fitzpatrick & Leonard Bici
1 LECTURE CE · AGD 550

Business & Growth + OsseoPure Lab Portal

Co-Founder, OsseoPure · Head of Growth

- Streamlining clinical workflows to drive practice growth
- The patient journey, why financing decides case acceptance, and why every implant practice needs a treatment coordinator
- Submitting a case through the OsseoPure Lab Portal and tracking it through the lab

5:00 – 6:00 PM — *Q&A*

6:00 PM — **COCKTAILS & NETWORKING** — Drinks with faculty and the OsseoPure team at HQ

INCLUDED	FORMAT	BRING	DRESS
Breakfast and lunch each day	Lecture, hands-on workshop, live surgery	Your toughest cases for review	Scrubs or business casual

DAY 2

SATURDAY, JUNE 19, 2027 · OSSEOPURE HQ

Live Surgery + Case Deep Dive

7:30 AM — *Check-in & Continental Breakfast*

8:00 – 9:30 AM
Shivam Patel, DDS
1.5 LECTURE CE · AGD 690

Digital Workflow Integration

Clinical Instructor, OsseoPure · Owner, Midwest Center for Dentistry & Implants

- Digital planning and guided surgery: when the guide earns its cost and when freehand is faster
- Intraoral scanning strategies for full-arch cases and edentulous arches
- Integrating bioactivators and modern digital tools into one chairside workflow
- Streamlining the digital-to-clinical handoff so the plan survives the patient

9:30 AM – 12:00 PM
Shivam Patel, DDS
2.5 LECTURE CE · AGD 690

Live Surgery Observation

- Real-time surgical workflow and decision-making on a live patient, observed in small groups

12:00 – 1:00 PM — *Lunch (Provided)*

1:00 – 3:00 PM
Shivam Patel, DDS
2 LECTURE CE · AGD 690

Case Reviews & Discussion

- Additional cases, complications and troubleshooting
- Bring your own cases: group treatment planning with faculty input

3:00 – 5:00 PM
Valdi Blaszak
2 LECTURE CE · AGD 690

Lab & Restoration Focus: Digital Workflow & Components

CEO & Founder, OsseoPure

- Proper case planning and digital workflow: what the lab needs from you to deliver a restoration that seats the first time
- Component overview and choosing the right part for the case

5:00 – 6:00 PM — *Q&A*

INCLUDED	FORMAT	BRING	DRESS
Breakfast and lunch each day	Live surgery observation, case review, lab & restoration	Your toughest cases for review	Scrubs or business casual

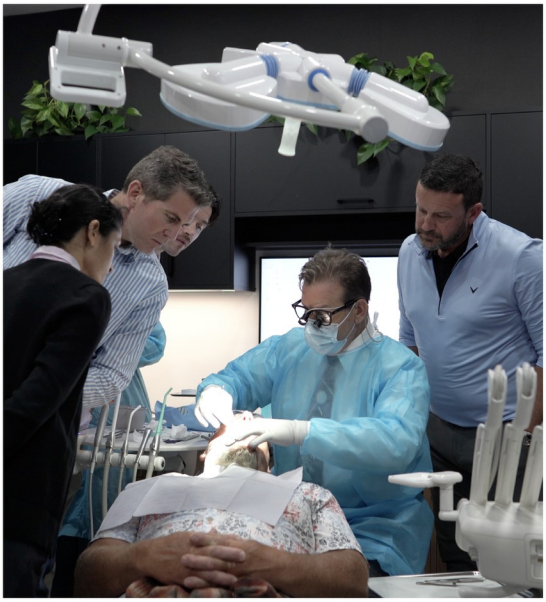

6:00 PM SATURDAY · COURSE CONCLUDES · CERTIFICATES AWARDED

Up to 16 CE · AGD PACE #442869

LANCASTER, NY · JUNE 18–19

Beyond the Classroom

Two days of CE at the home of OsseoPure, a night with the faculty, and a summer weekend worth staying for.

THE VENUE

OsseoPure Headquarters

4401 Walden Avenue, Lancaster, NY 14086

Every session happens under one roof: the lecture room, the hands-on lab and the surgical suite where the live case is performed, with the lab that designs and mills OsseoPure restorations down the hall. Nothing is simulated and nothing is off site.

SURGICAL SUITE	Live surgery observed in person, in small groups
ON-SITE LAB	Watch how your cases are planned, designed and finished
HANDS-ON LAB	One station per attendee for the workshop sessions
GETTING THERE	10 minutes from Buffalo Niagara International Airport (BUF)
PARKING	Free on-site parking

DAY 1 · FRIDAY, JUN 18 · 6:00 PM INCLUDED FOR ALL ATTENDEES

Cocktails & Networking at OsseoPure HQ

When the first day wraps, the lab turns into a lounge. Drinks and small plates with Dr. Patel, the faculty and the OsseoPure team, so the questions you did not get to ask in the room get answered over a glass of something.

It is also the best hour of the course to compare notes with the other attendees: who is placing what, what has gone wrong, and what they would do differently. Bring your treatment coordinator.

WHEN
Friday, Jun 18 · 6:00 PM

WHERE
OsseoPure HQ · 4401 Walden Ave

WHO
Faculty, OsseoPure team and all attendees

DRESS
Come as you are from the lab

WHILE YOU'RE IN BUFFALO

Where to Stay

We recommend The Delavan Hotel and Spa, a boutique hotel with a spa and Italian fine dining on site, about 10 minutes from HQ. 6461 Transit Rd, East Amherst.

Niagara Falls

Thirty minutes from HQ. Arrive Thursday or stay Sunday. June is a great time to see the falls.

Eat Like a Local

Buffalo wings where they were invented (Anchor Bar) or where locals argue they are better (Duff's), beef on weck, and a growing downtown dining scene.

Getting Around

Fly into BUF, rent a car or rideshare. HQ, hotels and the airport are all within a 10 minute radius.
